

**FY2022 “Truth & Reconciliation”
Project Grants for Black and Brown Artists
Program Guidelines**

**“Truth & Reconciliation”:
Project Grants for Black and Brown Artists
funded by City of Cincinnati, Duke Energy,
Greater Cincinnati Foundation and Macy’s**

Purpose

ArtsWave's “Truth & Reconciliation”: Project Grants for Black and Brown Artists program will provide financial support for Black and Brown artists in Cincinnati, and the region, to continue to explore the themes of our times. **Projects should use the arts to explore the theme of “Truth and Reconciliation” to build upon the current artistic commentary of health and race and connect it with historical events and visions of a more equitable future.**

Projects should connect with one or more goals as outlined in ArtsWave's [Blueprint for Collective Action](#) (see Appendix A): 1) to heal through education and accountability; 2) to deepen roots; 3) to bridge divides; or 4) to promote learning and understanding. Projects should also involve some aspect of collaboration with neighborhood or community groups or partners. In this way, members of the Cincinnati region will engage with this major social justice moment and work towards realizing a more just and equitable present and future through the arts.

Appendix A: Blueprint for Collective Action

Our Vision – A more vibrant regional economy and more connected community for all.

Overview

By supporting a wide variety of art forms and providing strategic leadership for the arts sector in the broader community, ArtsWave creates an environment where the growing impact of the arts is felt and celebrated by the entire community.

The Blueprint for Collective Action provides a focus for ArtsWave's community investments and strategic initiatives for the next ten years. The Blueprint is designed to achieve three things:

- Align with broader community objectives;
- Provide more clarity and specificity around the kinds of activities and outcomes ArtsWave desires; and
- Leverage more support from the community by demonstrating relevance to the community.

By focusing the ArtWave's investment strategy, the Blueprint is intended to stake a bold vision for the region for enhanced impact through the arts by establishing five community goals and creating a roadmap for their achievement.

Blueprint Goals and Roles

The Blueprint is based on the following principles:

- All goals have equal priority.
- Every arts organization plays a part in achieving our collective goals through a wide variety of activities and programs that create community impact – some new, many already established.
- Individual arts organizations (of any size or discipline) can play specific roles in support of the achievement of each goal.
- No single arts organization can fulfill all roles for all goals all the time. A diverse arts community supporting many different types of organizations and activities is necessary to fulfill all roles and achieve all goals.
- A single activity or program may fulfill several roles and may advance progress on more than one goal.
- ArtsWave, too, has specific roles to play in the achievement of each goal. ArtsWave must leverage its position as leader, connector, aggregator, and partner to build capacities sector-wide.

Arts Put Cincinnati on the Map

Greater Cincinnati's innovative arts scene attracts talent, visitors, and business to the region.

GOAL: To be a more competitive region for talent attraction by leveraging arts that are perceived as extraordinary

Roles for Arts Organizations:

- To design new or unexpected artistic collaborations
- To create arts experiences that are active, immersive, and social; and that stretch the boundaries of the art form
- To improve and employ digital capabilities and use of social media to reach and engage digitally oriented or remote audiences
- To participate in collaborative efforts to increase earned media and leverage paid media/marketing opportunities
- To develop and share stories that distinguish the region through its arts

Arts Deepen Roots in the Region

Residents who are engaged in the arts – whether as volunteers, artists, or audience members – have a stronger and more positive connection to the community.

GOAL: To deepen feelings of engagement and connection to the community by widening participation in arts experiences, especially those that resonate with adults age 40 and under

Roles for Arts Organizations:

- To create arts experiences that are participatory, social, recurring, and encourage personal investment in the organization and/or community
- To create arts experiences for college students and young professionals
- To develop partnerships and collaborations with local colleges and universities
- To involve college students and young professionals at all levels of organizational decision-making

Arts Bridge Cultural Divides

When the arts reflect and celebrate the diversity of our community, residents build a greater understanding and appreciation of cultural differences.

GOAL: To promote cross cultural understanding by increasing the availability and accessibility of arts experiences that include and represent all races and ethnicities

Roles for Arts Organizations:

- To present works of art created by artists of all races and ethnicities
- To create arts experiences that include artists of all races and ethnicities
- To create and/or present art that tells the story(ies) of all races and ethnicities
- To create shared arts experiences for people of all races and ethnicities
- To identify and establish partnerships and collaborations that support equitable access to arts experiences for people of all races and ethnicities
- To involve at all levels of organizational decision-making people who reflect the broadest possible racial and ethnic diversity
- To develop cross-cultural artistic partnerships and collaborations

Arts Enliven Neighborhoods

Community arts centers, galleries, and theaters serve as vital hubs for neighborhood activity that supports local business and builds civic pride.

GOAL: To enhance the vibrancy of neighborhoods, particularly those that are underserved and/or revitalizing, by increasing the availability and accessibility of arts organizations and opportunities

Roles for Arts Organizations:

- To establish partnerships and collaborations within the neighborhood in which the organization is physically located
- To create an environment where all members of the organization's surrounding neighborhood feel welcome
- To increase the variety and frequency of arts experiences embedded in or accessible to neighborhoods throughout the region
- To improve the aesthetics of the region's neighborhoods
- To enliven indoor and outdoor public spaces throughout the region with arts experiences
- To optimize the use of resources already present in neighborhoods throughout the region to support equitable access to arts experiences

-
- To improve and employ digital capabilities and use of social media to reach and engage neighborhoods

Arts Fuel Creativity and Learning

The arts have the power to transform education both by improving learning of core curriculum and teaching skills like creativity, collaboration, and critical thinking.

GOAL: To promote the development of 21st century skills by ensuring that all children in the region, particularly those that are underserved, have access to multiple arts opportunities

Roles for Arts Organizations:

- To provide meaningful arts education opportunities for youth at all grade levels
- To optimize the use of resources already present in school and community settings to support equitable access for youth to meaningful arts education opportunities
- To provide professional development and enrichment opportunities for arts educators
- To develop curricula, materials, and training to support arts integration in all subjects and at all grade levels
